SUSTAINABILITY RESOURCES

We aim for all our events to be run in an environmentally and socially responsible way whilst seeking to inspire sustainable development in our markets.

Guidelines
We would like to encourage you to join our sustainability efforts by reviewing the sustainability guidelines and checklists:

- **Sustainable Exhibiting - Freeman**
- **Informa PLC's Sustainability Initiatives**
- **Las Vegas Convention Center Sustainability Initiatives**

Waste Removal
For Oversize One-way Skids and Crates Disposal, Waste Removal, and Abandoned Carpet/Floor Coverings and Display Materials, please visit Freeman's website. The Las Vegas Convention Center is not responsible for removing scrap materials left in either the exhibit space or the aisles. Freeman will provide disposal services at the exhibitor's expense.

Sustainability Survey
Lastly, we invite our exhibitors and sponsors to complete our **Exhibitor Sustainability Survey**. If your company has sustainable production efforts and you would like your company logo to be featured on our dedicated Sustainability webpage, the Sustainability Survey is the place to do so.
