# Training Tomorrow's Workforce Today!

For the OPCMIA training is job one.

**We invest millions of dollars annually in training apprentices and journeymen.**

The members of the **OPCMIA** are trained at over 80 locations across North America where we offer comprehensive classroom education through a standardized curriculum. We generate the safest, most skilled plasterers and cement masons in the world, reducing risks to both workers and employers while ensuring the highest quality product for our contractors and owners alike.

We understand that in today's marketplace, our contractors demand a world-class highly productive workforce. We are here to meet these demands. We are committed to delivering a drug free, safe and highly skilled talent pool to our contractor partners.

Our Employer partners see the benefits of quality workmanship at an affordable price. Specially trained professionals to meet our industry's ever-evolving products and techniques. That's what you get when you partner with the **OPCMIA**.
