All goods imported into Singapore are subject to the prevailing Goods & Services Tax (GST) when sold, consumed, distributed, disposed, donated or given away in Singapore. The current GST is 9% of CIF value as indicated on the invoice and subject to the Customs & Excise final appraisal of the imported goods value.

Brochures, pamphlets, newsletters, advertising material and give-aways are not exempted from GST. GST paid is not refundable.

## **8. TEMPORARY IMPORTATION**

There are two options available to exhibitors in obtaining GST and duty exemption for exhibits entering Singapore for display and subsequently re-exported.

(i) **ATA Carnet:-**

Shipments covered by ATA Carnets are exempt from payment of any tax or duties for the period of temporary importation. However goods indicated in the ATA Carnet must be re-exported after the show. You are therefore **reminded** not to include any goods that are **NOT** intended to be **re-exported** in the ATA Carnet.

(ii) **Temporary Import Bond raised by Rogers Expo Services (Singapore) Pte Ltd:-**

Rogers Expo Services (Singapore) Pte Ltd can provide a Bank Guarantee to the Customs on your behalf for exhibition goods under "temporary import". This procedure involves raising a bank guarantee to customs to cover the potential GST/Duty liability. **For Import Bond fees, please refer to our Freight Handling Tariff.**

The maximum term for temporary importation under guarantee is six weeks (3 weeks prior to exhibition show opening date and 3 weeks from the show closing date).

## **9. FCL CONTAINER STORAGE /DEMURRAGE**

If needed, please negotiate a pre-agreed demurrage rate with the shipping line at the country of origin, as any negotiation with the shipping lines in Singapore will be difficult. All such charges incurred will be billed at cost.

## **10. UNPACKING / REPACKING ON-SITE**

We can assist you in physical unpacking and installation of exhibits, however exhibitors must supervise and be responsible for these operations

## **11. EXHIBITION CLOSING PROCEDURES & RETURN MOVEMENT**

The following documents will be distributed to exhibitors before closing.

- a copy of the List of Exhibits previously submitted to customs
- a form of Instructions for Disposal of Exhibits

Exhibitors are requested to declare on their disposal form the number of packages, value, and weight/volume of each product within the following categories:-

- sold
- to be returned (port of destination/mode of transport)
- consumed/given away

Cargo without disposal instructions at close of show will be charged as storage cargo including transport charge back to our warehouse.

Return consignments will be despatched on a freight 'prepaid' basis upon full payment of our handling charges in Singapore or on 'collect' terms via a shipper's disbursement. **(Please note that we are not in a position to handover any return freight to other third party agents** as temporary import guarantees are lodged in our name and customs formalities must be cancelled at the time of exportation). We will be pleased to provide you with a quotation upon request.

## **12. INSURANCE**

As the official tariff is computed on the basis of volume or weight and has no correlation with the value of exhibits, it follows that the cost of insurance cover is not included in our charges. It is the responsibility of each exhibitor to arrange a full transit Insurance Policy covering transport to the exhibition, during the exhibition, and the return of exhibits to domicile, including the period the exhibits are handled by us, and also ensure that Transport Insurance is arranged for exhibits sold locally. Insurance shall include a waiver of subrogation against ROGERS EXPO SERVICES (SINGAPORE) PTE LTD and its agents and/or subcontractors.

Exhibitors should also bring a copy of the insurance policy to Singapore, as it will be required in case we need to file a claim for damage or loss on your behalf.
