## About Us.

Welcome to Mercer Exhibitions, where innovation meets sustainability in the realm of exhibition stand design and construction. At Mercer Exhibitions, our commitment to reducing the carbon footprint is more than just a promise it's embedded in every aspect of our operations. Utilizing the pioneering BeMatrix system, we create dynamic and eco-friendly exhibition stands that not only captivate audiences but also champion environmental responsibility.

Accredited as a leader in BeMatrix stand building, Mercer Exhibitions stands at the forefront of sustainable exhibition solutions. Our extensive in-house capabilities, including large format printing and advanced CNC machining, enable us to deliver unparalleled quality and customization. With strategic stock holdings in Europe, the U.S., and China, we ensure that our eco-conscious designs are accessible and efficient for clients worldwide.

Join us in shaping a greener future, one exhibition at a time, with Mercer Exhibitions where sustainability and creativity converge.

# Total Flexibility.

Your Stand, Your Way

## FLEXIBILITY THAT FITS YOUR BRAND

We know booking the same floor space can be a challenge which becomes even more difficult when storage and refresh costs are added to the equation.

Now a single system gives you the option to present something unique and surprising at each event. Handling every aspect of the process from design, audio visual/furniture hire to completion from only £238 per sq metre for our MEvo package.

Our creations offer total flexibility and can be turned around within a matter of weeks providing an entire blank canvass to best communicate your brand.

“Wonderful service! Always available for the smallest of questions. Great workmanship and solutions-driven mindset. Tip top!”

## Sustainable at heart.

Eco-Friendly Exhibition Design

### REDEFINING SUSTAINABILITY IN EXHIBITION SOLUTIONS.

At Mercer, we reduce our clients' carbon footprint with sustainable exhibition solutions. Our design approach centers on the beMatrix system, a lightweight, reusable framework that minimizes waste. We pair this with graphics made from 100% recycled materials for striking, eco-friendly visuals.

Our modular stands are designed for reuse and adaptability, reducing waste and providing cost-effective solutions. We prioritize responsible material sourcing and energy-efficient manufacturing. In logistics, smart packaging and consolidated shipments help lower our carbon footprint.

We conduct lifecycle assessments to meet sustainability goals, collaborating with clients to integrate their environmental objectives. Our commitment to innovation ensures we offer cutting-edge, eco-friendly solutions.

**Choose Mercer to align your brand with sustainability and innovation, making a positive impact on both your audience and the planet.**

## Sustainable Solutions

### Eco-Friendly Materials

Sustainability is at the core of our philosophy. We prioritize the use of recycled, recyclable, and sustainably sourced materials in every project. From eco-friendly flooring to biodegradable graphics, our stands not only look great but also minimize environmental impact.

### Energy Efficiency

Our designs incorporate LED lighting and energy-efficient electronics to reduce power consumption. We also offer options for solar-powered features, further enhancing the green credentials of your event.

### Waste Reduction

We adopt a zero-waste approach wherever possible, focusing on reusable components and innovative design solutions that minimize waste. Our modular systems are designed for repeated use, reducing the need for single-use materials.

*"WE BELIEVE THAT A FOCUS ON ENVIRONMENTAL IMPACT, CLEVER DESIGN AND EMBRACING ALL THINGS TECH WILL DRIVE US BOTH FORWARD"*
