SPACE & AVAILABILITY

This document lists the advertising slots for the website. Your salesperson will work with you to determine actual available dates placement(s).

GENERAL GUIDELINES

- We reserve the right to approve all creative prior to launch.
- We reserve the right to edit, revise, or refuse advertising for any reason.
- Misleading advertising is not permitted. All content within ad creative must be legible (min. 10 pt font) and the speed of any animation should reasonably allow the user to read the advertisement in its entirety.
- Any advertisement or content that can be misread by the user as news, feature, etc. must be clearly labeled as an "advertisement".
- We are not responsible for errors in customer-created or third-party delivered advertisements.
- We are not responsible for errors in advertisements/placements which are submitted after the material deadline.
- We do not guarantee any given level of circulation, distribution, reach or readership for an advertisement.
- Credits for incorrect ad placements/creatives in the form of "make-goods" will only be provided if notification of the inaccuracy is provided within 48 hours following the posting error.
- We reserve the right to pick-up previous creative in the event no response is received from the advertiser/agency on record. Pick-up of previous creative under these circumstances will not be considered an error and no credits will be provided.
- Late delivery of materials may result in forfeiture of lost days in campaign.

HTML5 SPECIFICATIONS

Informa supports HTML5 advertising on Informa sites. Ads created in HTML5 offer the benefit of working across devices and platforms.

- File size for HTML5 creatives is 200kb for max initial file load.
- Information on click macro implementation must be provided.
- Advertiser/Client must host all files referenced in HTML5 ad.
- Static backup image file required (JPG, GIF, PNG) for any browsers incapable of displaying HTML5.
- All HTML5 code must adhere to the ad guidelines and specifications for its respective ad unit.
- HTML5 code must be submitted in accordance to the ad unit's submission lead time for proper testing and any necessary revisions.
- Informa's ad server is Google DoubleClick for Publishers (Premium).
- Avoid using z-index as CSS layering styles can cause issues with elements on the website.
- Refrain from styling global elements like the body and universal tags (such as 1, h1, p, etc.) since these will interfere with the website's styles.

HTML5 ads can be submitted as:

- Third-party tag
    - All 3rd Party tags and accompanying technologies being served by tags must be SSL Compliant (HTTPS).
- DoubleClick Studio creatives directly pushed to our DFP network from DC Studio.
- DoubleClick Campaign Manager tag (DCM inred).

REVEAL AD

Reveal Ad is a bold ad with an unexpected scroll-to-reveal appearance.

STANDARD	ARTBOARD/ CANVAS SIZE	IMAGE FILE SIZES	AD UNIT FILE FORMATS
Reveal Ad	Desktop – 680w x 460h Tablet – 1024w x 1024h Mobile – 736w x 736h *Note: Please see copy safe areas below	72 ppi 200 kb max; 100KB host-initiated subload	JPEG, GIF, PNG, Rich Media, most 3rd party tags

- *All 3rd Party tags and accompanying technologies being served by tags must be SSL Compliant (HTTPS).*
- Close button not required.
- If ad features animation & audio, audio sound initiated by user click only.

Background Overflow Imagery/Canvas
- Background overflow ensures the ad fills the full ad area on larger devices.

Safe Area
- <u>Important content</u> should be constrained to the safe area and the safe area should be oriented in the center of the artboard/canvas.
- Recommended safe area sizes, centered to the artboard/canvas are:

  Desktop – 680w x 460h

  Tablet – 768w x 988h ([visual here](#))

  Mobile – 320w x 568h ([visual here](#))
- On the most common smaller screen sizes / resolutions, the only visible area will be the safe area – but if the user happens to have a larger screen size / resolution, they will see the safe area plus some of the background overflow.
- Some custom, rich media production may be necessary to serve Reveal animation ads.
